

# RIPE NCC Update

## APNIC 23

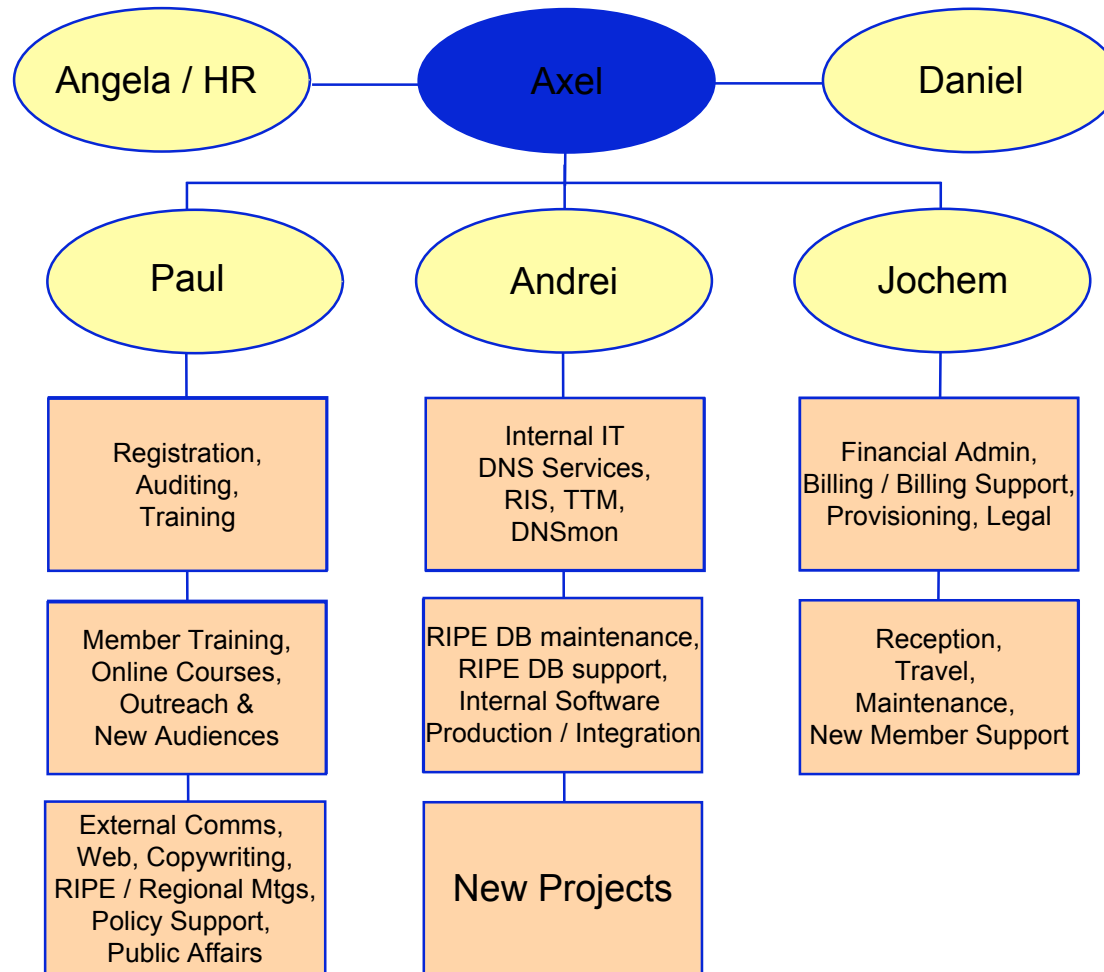

# Exciting Changes at the RIPE NCC

- Have re-organised
- Focus on precise & non-competing goals
- Introducing: The Customer Services Dept.
  - ... and the DNS Dept
  - ... and the Info Services Dept
  - ... and the Business Application Dept
  - ... and the Database Dept
- ... and a new Chief...

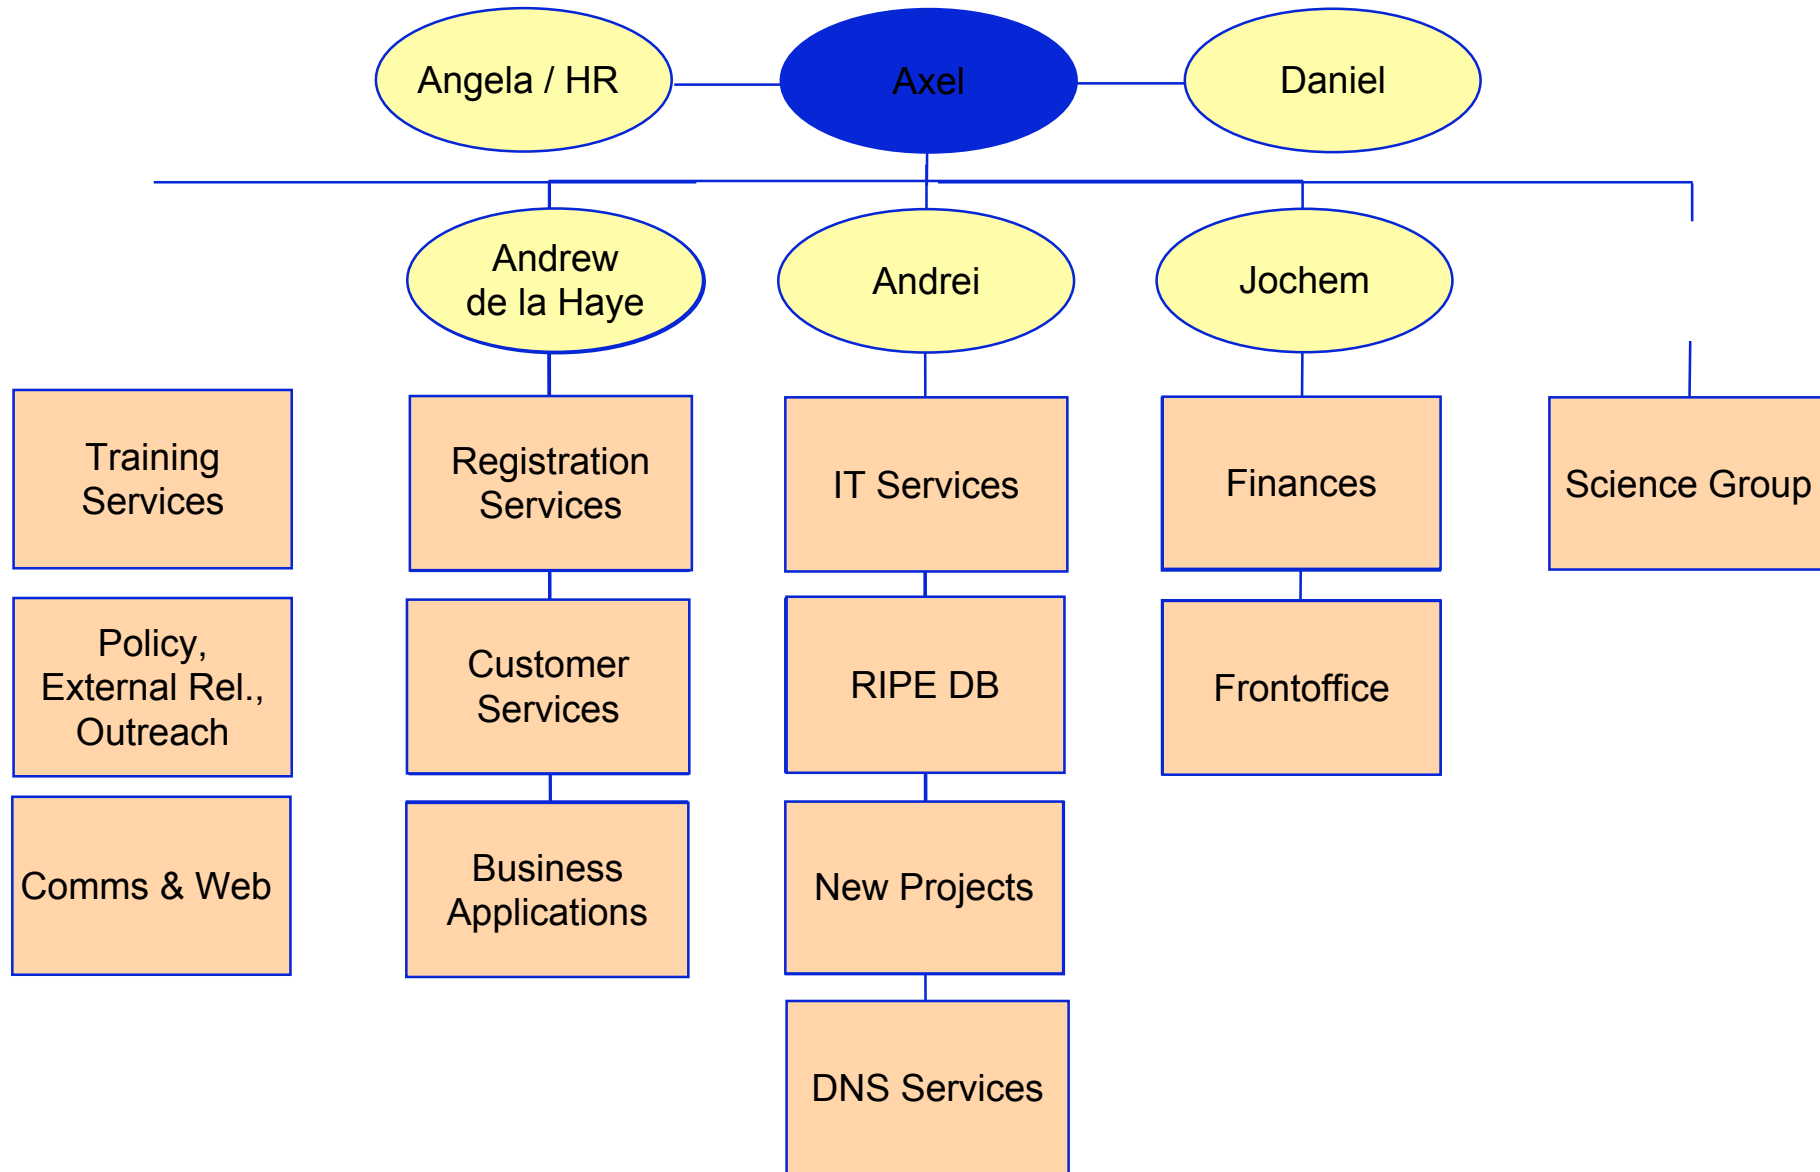

# Before...

# ...and After

# Certification

- RIPE NCC Activity Plan driven
- Need explicit community input
  - Adoption?
  - How would it interact with business processes?
- Member Taskforce set-up
  - Prototype installation & integration
  - First meeting 14 February 2007
  - Reports to RIPE 54 & 55

# Membership Liaison & “Enhanced Cooperation”

- RIPE NCC Regional Meetings 2006
  - Moscow, Russia, 18-19 September
  - Manama, Bahrain, 14-15 November
  - Plans for 2007 – Moscow (Sept) & Oman (Nov)
- Roundtable for Governments & Regulators
  - 12 February 2007
    - Good timing re rootserver DDOS and IPv4 countdown proposal
  - Another Roundtable planned for September
  - Governments meet the RIPE Community
    - Monday afternoon @ RIPE 54
- Membership Survey
  - It’s that time again...

# RIPE 54

7-11 May 2007
