APNIC19

24 February 2005, Kyoto, Japan

pol-18-003

- Pending approval at each remaining stage of the policy proposal process...
 - APNIC Secretariat to refer proposal prop-005-v004 'IANA-RIR IPv6 allocations' to the ML and to other RIRs, with the advice that the APNIC region has accepted the proposal in principle but remains flexible to the specific details of the main parameters.
- Status: Done

pol-18-002

- Pending approval at each remaining stage of the policy proposal process...
 - APNIC Secretariat to implement the proposal to expand IPv6 address space for existing IPv6 address holders, on the basis of a deployment plan or with IPv4 infrastructure, without satisfying the subsequent allocation requirements (prop-021-v001)
- Status: Done

pol-18-001

- Secretariat, with assistance from NIRs, to conduct a survey of ISPs' resource management practices, to allow better analysis of the issues relating to the proposal to use the HD ratio for IPv4 allocations
- Status
 - Ongoing

pol-17-006

- Pending approval at each remaining stage of the policy proposal process..
 - APNIC Secretariat to implement the proposal to recover unused address space (prop-017-v001)
- Status
 - Done

pol-17-001

- Pending approval at each remaining stage of the policy proposal process...
 - Proposer to resubmit a modified version of the proposal (prop-013-v001) to the ML. The rewritten proposal will define multiple discreet networks and consider the HD ratio for sub-allocating address blocks
- Status
 - Closed. Proposer wished to withdraw proposal
